

71 awards, independently judged.

Every entry below is a matter of public record from third-party awards bodies between 2022 and 2026. Wins, finalist places, shortlists and nominations are listed separately — nothing is rounded up.

WHY IT MATTERS

Awards recognition is not the work — it is external verification of it. Judging panels test claims against evidence, which is why we publish the full record rather than a curated selection.

HOW TO READ THIS

Wins are highlighted in orange, finalist places in navy. Shortlists and nominations are shown in plain type. Each entry names the awarding body, the category, and whether the recognition sits with the practice or its founder.
